PRINCIPAL'S ADDRESS

Dear Class of 1994

The years have passed quickly haven't they? And now you find yourselves poised on the brink of life beyond high school. Be well, be strong, be kind and good. And may you all love and be loved as you find your way and make your mark in the world. As your principal I congratulate all of you and extend to you the sincere best wishes of the faculty and staff for a future bright and full.

Sincerely,

Dr. J. C. Newburn

DEDICATION

This year our yearbook is dedicated to a fine teacher, Mr. John C. Malcolm. A graduate of Fairhaven High School, Mr. Malcolm studied at the New Bedford Institute of Technology and graduated from Bridgewater State College. This year we will say goodbye to the head of our Math department as Mr. Malcolm begins his retirement.

Thank you, Mr. Malcolm, for your years of dedication. You will be greatly missed.

In Memory Of . . .

Christie Lynn Cosmo
August 22, 1976-July 4, 1993

This page is dedicated to the memory of Christie Cosmo, who attended Oxford Elementary and Hastings Middle School with our class of '94 until she went on to attend Voc-Tech.

It is also a reminder of what Christie taught us; that life should be lived to the fullest.

We look upon this past misfortune,
Our eyes they swell with tears.
A loss this close inside our hearts,
It deepens all our fears,

We face uncertain futures
With hopes of dreams to be,
And as our lives begin their start,
This sorrow we must see.

You know we'll never let you go,
Our hearts are holding on, you know

To you and your sweet memory
And everything you helped us see,

There's nothing else that we can do.
So this day we smile for you.

— Jen Oliveira

Four years of growth
Athletic and academic,
Molding one's clay with individuality
While emotions towards college, fickle with panic;

At the crossroads
Towards a new grain of time,
Mend the fear with seams of will,
Experience your post high school years with peace of mind;

Observe long and deep, search for feeling
Foster the star in your sky,
Live your dreams,
And align with a true eye;

Look not at tomorrow but at today,
For time will spread our separate ways.

COLORS

My skin is kind of sort of brownish
Pinkish yellowish white.
My eyes are greyish blueish green,
But I'm told they look orange in the night.

My hair is reddish blondish brown,
But it's silver when it's wet.
And all the colors I am inside
Have not been invented yet.

from
Norway*

Oh, the Places you'll go!
Congratulations!
Today is your day.
You're off to Great Places!
You're off and away!

You have brains in your head
You have feet in your shoes.
You can steer yourself
Any direction you choose . . .

And when things start to happen,
Don't worry. Don't stew.
Just go right along,
You'll start happening too . . .

I'm sorry to say so
But, sadly, it's true
That Bang-ups
And Hang-ups
Can happen to you . . .
And when you're in a slump,
You're not in for much fun.
Un-slumping yourself
Is not easily done . . .

You can get so confused
That you'll start in to race . . .
Headed, I fear, toward a most useless place.

The Waiting Place . . .
. . . for people just waiting . . .
Waiting for a train to go
Or waiting around for a Yes or No
Or waiting for their hair to grow . . .

Somehow you'll escape
All that waiting and staying.
You'll find the bright place
Where Boom Bands are playing . . .
You'll get mixed up of course,
As you already know . . .
So be sure when you step
Step with care and great tact
And remember that life's
A Great Balancing Act . . .

And you will succeed!
(98 and $\frac{3}{4}$ percent guaranteed.)

KID, YOU'LL MOVE MOUNTAINS!

SO . . .
You're off to great places!
Today is your day!
Your mountain is waiting.

So . . . get on your way!
— Dr. Seuss
